West Virginia's Largest Private Employers in March 2012

WorkForce West Virginia's list of the 100 largest employers, compiled from March 2012 data, ranks retail giant Wal-Mart as the state's largest employer. Wal-Mart has maintained this position since 1998.

The list contains businesses with both single and multiple locations, and ranks companies according to the number of employees. The data are extracted from the Quarterly Contribution Report for the first quarter of each year, and are available to the public by the third quarter of each year.

West Virginia's top five largest private employers are Wal-Mart, West Virginia United Health System, Charleston Area Medical Center, Kroger, and Consolidation Coal Company. All five companies maintained the same ranking in 2011.

The remaining five employers in the top ten have shifted positions, with Lowe's Home Centers climbing one to number six and Mylan Pharmaceuticals slipping to number seven. The Mentor Network climbed two spots to number eight, while St. Mary's Medical Center and American Electric Power slipped to numbers nine and ten respectively.

The top ten employers of March 2012 had a total of 1,818 more employees than the top ten employers of 2011.

Nearly one-half of employers on the top 100 list climbed in rank, while just over one-third of businesses descended in rank. The ranking of 12 employers was unchanged from last year, while seven employers not present on last year's top 100 made an appearance on this year's list.

This list was prepared from information provided by employers covered under the unemployment compensation insurance system, through the federal/state Quarterly Census of Employment and Wages Program conducted in West Virginia by the Bureau of Labor Statistics, U.S. Department of Labor, and the Research, Information and Analysis Division of WorkForce West Virginia.

The lists for the state and counties for each year since 1999 and workforce investment areas since 2002 can be found on the website www.workforcewv.org/lmi or by contacting the Research, Information and Analysis Division at 304.558.2660.
